

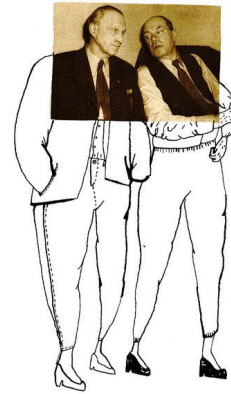

PHOTO EXTENSION TASK :

Manipulate perspective to show a new virtual reality.

You need to be able to identify the perspective in the image and follow the conventions of that perspective to continue the image.

These are my great grandfather' old photos. They are from his travels around Europe in 1950s and 60s. I would like you to take one that interests you and extend it to show me a new virtual reality. It can be representational¹ or surreal². You do not have to keep the images the same size or dimensions, they can be cut, or enlarged and re-photocopied. They are currently black and white, or a funky sepia, but can be adjusted repainted, drawn on... FEEL FREE TO CHOOSE THE MEDIA THAT YOU WANT

Artists references: [Jennifer Delaurenti](#), [Amelie von Wulffen](#).

You may use your computers to help you find images to draw or artists to use as reference, but do not spend too much time searching. You only have two lessons to complete this task.

Criterion : B Developing Skills (Summative)

0	T	Have not attempted any form of perspective
1-2	i. demonstrates limited acquisition and development of the skills and techniques of the art form studied ii. demonstrates limited application of skills and techniques to create, perform and/or present art.	The correct perspective has been identified. Orthogonals (or guidelines) have been added, but they are not followed appropriately, which stops the image being convincing.
3-4	i. demonstrates adequate acquisition and development of the skills and techniques of the art form studied ii. demonstrates adequate application of skills and techniques to create, perform and/or present art.	Attempt has been made to use the conventions, which is in most cases successful. The space is filled well.
5-6	i. demonstrates substantial acquisition and development of the skills and techniques of the art form studied ii. demonstrates substantial application of skills and techniques to create, perform and/or present art.	The conventions of the perspective are used convincingly to extend the image creatively.
7-8	i. demonstrates excellent acquisition and development of the skills and techniques of the art form studied ii. demonstrates excellent application of skills and techniques to create, perform and/or present art.	Show me something that I don't already know and give me the wow factor.

¹ Representational - Looks like real life

² Surreal - Bizarre. A mix of fact and fantasy. Like the surrealists.
